**Argentina Wine and Food Night
Friday 10th September 2010**

*£55.00 per person to include Wine and canapés on arrival,
And a 4 course dinner with coffee and petit fours.*

We are excited to present wines from this exclusive winery Tapiz, set in the heart of Mendoza in Argentina. These award winning wines are fantastic examples of top wines being offered from this beautiful country. The Tapiz winery develops its wines using grapes which come from a group of carefully selected vineyards located in Mendoza and Salta, flanked by the imposing Andes mountain range, these vineyards are subjected to unique bio-climatic characteristics, thus making it a unique terrior for wine making.

The evening will be hosted by Solano Peña-Lenzi from Hispamerchants. Solano founded Hispamerchants in 2002 which specialises in wines from Argentina, Chile and Spain. Recently featured in Harpers for his work with Argentinian wines, Solano is a rare talent who brings his wines to life and this promises to be a very fine evening.
